If you go down to the woods...

YOU'D normally expect to see birds, owls, squirrels, or even a deer in Brickhill Woods... but not three gorillas!

They are especially unusual because they are training for their sponsored run for their relatives in Africa this Saturday.

One of the apes' alter egos is Kerry Walker, aged 36, from Newport Pagnell. She said: "I am doing the Great Gorilla Run as part of a company team with my colleagues Anne Stringer and Theresa Whitworth.

"I am dressed as a gorilla cupid with Anne as a groom and Theresa as a bride because we all work for RSVP Introductions Agency."

If you want to sponsor the team please visit www.justgiving.com/rsvp-cupids or call Kerry on 0800 5 42 72 62.
